

Star sign Capricor: when astrology does drug development

Disclosures: This Report is provided by Fourier Transform Research solely for educational purposes and constitutes impersonal, generic commentary based entirely on publicly available data. The views expressed herein reflect the personal opinions of the author as of the date of publication; they are not tailored to any individual's financial situation or objectives and do not constitute investment advice, a recommendation, or an offer to buy or sell any security. The author holds a short position in the securities discussed. No part of the author's compensation is, was, or will be directly or indirectly related to any specific recommendation or view contained herein. The author has not received—and will not receive—any payment of any kind from the company(ies) whose securities are covered by this Report. This Report contains no material non-public information. Trading the securities covered herein is subject to a blackout period for the author commencing 72 hours before and ending 24 hours after the Report's public release. All factual data are believed to be accurate at the time of writing, but Fourier Transform Research makes no warranty as to its completeness or accuracy; recipients should conduct their own due diligence. Past performance is not indicative of future results.
